

Dear students of 10c,

unfortunately, holidays are over and you probably relaxed a bit. Our homeschooling time is still lasting a bit longer... but an end is in sight 😊

At first I thank all the students who sent me their texts and solutions in time. By the way, there are still two students who did not work out anything, respectively who even did not react to my second demand. Here I just say: accept the consequences.

And Maja: you will get a new text in the next few days directly from me.

Now to the next step of working on your own.

This time I will give you a task that refers to Alex' story – the “Midnight driver”- it's for TWO LESSONS.

When talking about books, we are bound to a story when it's interesting or even thrilling, funny or comic...

Therefore, let's dive deeper into the story and find certain aspects that are important to analyse.

Topic I: DEVELOPMENTS: HOW DOES THE PLOT UNFOLD?

> B1 A human service assignment (p.32)

☆ Before reading

☆ nr. 1 a-c

Topic II: CHARACTERIZATION AND STYLE

☆ nr. 2 a-c

☆ nr. 3 a-b

Do all tasks on Thursday **and** Friday, of course **not in pairs but on your own.**

In the end you will get possible solutions from me. Just compare the given findings with your own solutions. Put everything into the 《 Literature section 》 of your folders to keep it for the later course years.

So, now good luck and stay healthy everybody.

Bye says Mrs Leschniewski. 😊
