

Dear students of 10c,  
this week MAY BE the last one to work at home - so, let us do  
a good preparation for next week.

Here is the task:

1. Give an overview of your social media you use.
2. Make a **ranking list** and say what you use them for.
3. What ways could you use if there were no social networks?
4. Social media- a blessing or a curse? Compose a text and give your opinion.
