

Dear students of 10c,

as we now are in homeschooling mode again, I will give you work to do for the next two lessons on Thursday and Friday.

Firstly, look that you do each task immediately after getting it since I will send some of you a personal mail with a time to send your solutions to my email address. Do not look for "white lies" like > problems with my PC / could not read it / have forgotten to do my tasks ...<, you know? There are certain students who ALWAYS "forget" ...

(To remember: leschniewski@gymba.de)

Ok, now your Thursday task:

You had to write a cartoon interpretation. On Thursday (29th April) at the time of our real lesson I will mail the first students to send their interpretations to me. There will be a deadline given.

Secondly, work at **p.40 - The Comeback of the written word**

Read the text and then do **1a** (in complete sentences!) and **2 a and b** (in sentences and give text lines!)

For doing nr **4 a or b** (of course written !) start at first on **p. 42 STRUCTURING A TEXT AND CONNECTING IDEAS**

Copy the **headline and steps in nr 2 a , b** into your folders (section: **SKILLS**)

Look at pp. 135 (writing skills S 13) , 139 (SF 17 Argumentative writing > **copy all steps**) and 178 (Focus on style L 15) for other hints and suggestions. Only this way you can improve your skills and style. If necessary, copy some examples or word groups of your own choice. Do not forget, the more linkings and examples you have, the more you can use and profit from them !! 😊

For exercises go to your WB p.22 and practise 7 a, b, c. Do everything with attention and care. (I want to check!!)

Now back to your book task **4 a or b**. Choose reasonably as I want to get some texts from you.

You have time for the new tasks in two of our lessons!

With kind regards, yours Mrs Leschniewski
