

My dear class,

I hope all of you are healthy and ready to work?

So, first please compare your results to these:

c) Zak: - well-trained

- search dog with Dartmoor Rescue Group
- workplace: moor
- sniffs in the air, runs, looks, barks when found somebody, shows his trainer the way
- works in all weather (his favourite game)
- more than 60 call-outs

d) ● Answer the questions in a few sentences.

1 What can happen to visitors on the moors? Name two things.

They can fall and be hurt. They can lose their way and get lost. The weather can change

from good to bad very quickly. It's lonely, so often there is nobody who can help.

They can't get help because mobiles don't always work.

2 Why do rescue teams need dogs like Zak?

Zak is a trained sniffer dog. He can do things that rescue teams can't do.

He can smell missing persons. He can work in bad weather and in the dark.

3 What happened to Nathan and his brother?

Nathan fell and broke his leg. His brother went to find help because their mobiles didn't work.

It got dark. Nathan was wet and cold, alone and scared. Zak and the rescue team found him

and his brother too.

d) wb.p. 52, 3 and wb.p. 53, 4: find the solutions on wb.p. 96: checkpoint 4: 3+4

Our topic for today is **DESCRIBING PICTURES**- please remember, this is what you learned at the beginning of Unit 4.

1) Please **read** this picture description **and draw** a picture with the help of the text:

This is a photo of a street scene in a city in springtime or in autumn. In the foreground there is a man who is riding his bike. He's riding along a river which is behind him. The man is wearing blue jeans and a white, red and black check shirt and a grey cap. His trousers and shirt are turned up a bit, so it must be warm. He has a rucksack on his back. In the background I can see the skyline of a city with tower blocks, traffic lights and trees. In the background on the right there is a big bridge across the river. The sun is low and shining through the tall houses in the background on the left into the man's eyes. There are a few grey clouds in the sky.

- 2) Now go to page 139 in your student books and compare your drawing to the photo.
- 3) When describing pictures there are lots of information you must include:
Read the study skills text on sb.p. 79, 5
and copy the text under 5a (text and yellow boxes) into your English folder: topics: [Describing a picture](#)
- 4) Now it's your turn: **Write a picture description** of one of the photos on sb.p. 79 or wb.p.51 or sb.p.136 and make sure you bring your text to class next time.

In our English lesson tomorrow we are going to train reading again.
See you then!

Best wishes,
Mrs Kahl
