

Dear students of 8a,

when finally meeting your classmates of group one in our Friday lesson, you please organise all your papers you had to work at during the last months.

Bring everything with you and prepare for questions about difficult tasks. Do not forget the work you also sent me via mail. There will be much to do with corrections. I was not really satisfied with your results. Repeat the rules for **CONDITIONALS TYPE 1, 2, 3!!**

At last, a tip for the menus: bring them please with you on Monday. Everything else we will talk about back at school then.

See you on Monday... 😊

Yours, Mrs Leschniewski.
