Now to the new stuff. Let us learn how to tell somebody amounts of anything:

A Quantifiers = Mengenangaben

You have already heard: We have **much** trouble with home schooling.

Students perhaps have **many** problems with their tasks.

We always get **some** tasks from the teacher. Etc. ...

Work through Grammar File p. 177 in your English Book:

Quantifiers: some, a lot of, many, much, a few, a little

1. Concentrate on the two tables - as you see on p. 177.
2. Copy the entire overview into your folders (Grammar section).
3. The last part with exercises can be done orally.

B Now go to p. 47, do exercise 2a) in a table and b) in complete sentences.

C Now in your workbooks, p. 24, do nr 15 .

Give your best and find out where your problems are.

Good luck and meet you back at school then with all your tasks you did during the last weeks/ months!!!

Yours Mrs Leschniewski.
